

OUR MISSION

The mission of The Lens is to engage and empower the residents of New Orleans and the Gulf Coast by providing the information and analysis necessary to advocate for more accountable and just governance.

With a staff of experienced investigative reporters and pundits, The Lens merges the accuracy, fairness and thoroughness of traditional journalism with the speed, urgency and interactivity of online media. This hybrid model is well-suited to New Orleans, a city where residents count media watchdogs as allies in the struggle to rebuild a better community in the face of limited resources.

@TheLensNola Thanks for the coverage of that panel. Had to miss it. Now I can still sound educated at work tomorrow.

@atfreedom

TheLensNola reporting on charter schools is absolutely, hands down the best journalism work we're seeing on NOLA charters.

@valmcginley

If Mainstream Media will not cover the news, we need to find alternative sources. I recommend The Lens as one of those alternative sources.
