By e-mail to Ryan BernAnd Dawn Segura: [desegura@nola.gov](mailto:desegura@nola.gov)

City Attorney,

Pursuant to the Louisiana Public Records Act, La.R.S. 44:1, we are requesting access to, and reserve the right to make copies or scan, the following documents:

- Presentations, emails, referencing the Landrieu Administration's use, or possible use of crime cameras to reduce the city's murder rate.
- Presentations, emails, by James Carter on potential tools for reducing the city's murder rate.
- Research documents related to the Landrieu Administration's consideration of the introduction of crime cameras.

For context, crime cameras are different from traffic cameras. They are commonly used to conduct remote surveillance in high crime areas with a view to reducing crime.

Please don't hesitate to call if we can clarify this request.

Sincerely,

Matt Davis
