Lycée Français Finds A New Home!

New Orleans, LA – [November 21, 2011] - We are delighted to announce that Lycée Français de la Nouvelle-Orléans has entered into a long-term lease with St. Francis of Assisi Church at 631 State Street that will allow us to move into St. Francis' adjacent school facility in July of 2012. This beautiful Uptown location offers a building that is in excellent condition and can accommodate 500 students or more, thus providing Lycée Français with plenty of room to expand our elementary school as we add higher grades each year and welcome growing numbers of Louisiana students of all backgrounds. From spacious classrooms to a fully equipped kitchen and cafeteria, our new facility features all of the amenities needed to provide a world-class French-language education in a comfortable, stimulating setting. We have established an excellent rapport with officials at St. Francis and look forward to a long and productive relationship.

Stay tuned for further details, including information about which classes will be located at our new facility in 2012-13.

In the meantime, please join us in celebrating this exciting milestone in Lycée Français' history!

###

LFNO is a type 2 Louisiana public charter school accepting students in French curriculum from across the state. The school will ultimately serve grades Pre-K3 through 12th grade, culminating in both a French Baccalaureate diploma, as well as a Louisiana State diploma for its graduates. For more information on LFNO visit www.lfno.org
